Dear Candidate,

Sacred Heart School Community Council is awarding a deserving grade 12 student graduating from Vanier Collegiate with a one-time cash scholarship. It is a requirement that candidate must have graduated from Sacred Heart Elementary School and continued his/her education at Vanier.

The award will consider the achievements in academic and leadership. Just to note, not necessarily are the highest marks referred to when being considered for the award, but also the work ethic, perseverance and academic progress will be considered. Please include a **photocopy of your most recent academic credentials**. This award will also consider the community and school contributions and leadership and character. **Please include a brief explanation of how you contributed to the betterment of your school and community.**

Please include your experience in helping and making a positive impact in the community. We want to know how you have been an active participant in your school at Vanier and/or community.

We are also interested in the post-secondary school you are wishing to attend. It is our hope that you can use this scholarship to help you achieve success in your future studies.

Thank you for taking the time to apply for this scholarship. We look forward to reading your application.

Your sincerely,
SCC Sacred Heart,
Courtenay Smyth, SCC Chair
